"After Your Injury From Any Kind of Accident, Your Compensation Shouldn't Be The Hardest Part To Deal With"

Callis Childs
Attorney at Law
243 U.S. Hwy. 64 E.
Conway, AR
501-327-1700
1-888-216-7613

If you've been injured in an accident that wasn't your fault, I know you're concerned about getting your medical bills paid... about whether your injuries will be fairly compensated... about not hearing from anyone...and about being compensated for your severe injuries.

Even though you may not know it, let me tell you up-front that **you have the right to be compensated for your medical expenses, lost wages, permanent injury, mental anguish, pain and suffering, and for the loss of quality of your life.**

But to get it, there are certain things you need to know now! That's where I come in.

Helping You Get Fair Compensation

My name is Callis Childs. And I'm a personal injury attorney who has helped recover millions of dollars for clients just like you as fair and just compensation for injuries they've suffered because of someone else's negligence.

Without hassles and frustrations on your part. Because we deal with all the issues for you.

In fact, I'm available statewide 24 hours per day, and, I'll come to you to talk about your injuries.

3 Mistakes You Should Never Make

Accident insurance almost always pays for it, but all too many people injured in an accident make at least 1 of 3 common mistakes, which later come back to haunt them. Let me briefly tell you what they are...and how to avoid them.

1) **Not getting fully compensated for your injuries.** You may be due much more than you think. An attorney experienced in personal injury cases can get you more compensation in your pocket than you can get by yourself.

2) **Trying to take care of the injury claim yourself.** The problem with your doing this yourself is that you do not know what to do to protect yourself. I can virtually promise you, if you try to handle it yourself, you will be taken advantage of.

3) **The most common health mistake you could regret for years:** not getting treated for your injuries. Without treatment you're going to be laid up longer than you need to be. And itmakes any claim you file look fake if you wait.

We Tell Secrets: Straight Answers To Your Legal Questions

There's a lot more I could discuss with you and would like to discuss with you, but that should really be done face-to-face. So I'd like to do something special for you . . . **absolutely free of charge and without further obligation.**

Simply, I'd like to buy you an hour of my time to give you a free case review, and to show you how I'll handle all the steps in your case to get you the compensation you're due.

When you come in I'll show you:

- ✔ **How to get doctors to treat your injuries (and get your medical bills paid);**
- ✔ The process we use to get your injury claim fairly valued and to get you fairly compensated for your injuries;
- ✔ **The importance of starting a case immediately to ensure the highest chance of success;**
- ✔ How we'll obtain all the evidence to get you full and fair money damages;
- ✔ **The six things we do for people that they don't expect to be done.**

For even more information, see my web-site at www.arkansas-injury-lawyer.com

Get The Legal Help You Need

If your injuries are severe, then you owe it to yourself to call my office and set up an appointment for a free case review with me. Plus, I only get a fee if I successfully obtain compensation for you.

You can find out how we take the frustration and hassle out of getting your injuries treated and get you the fair and just compensation you deserve. **Call me today at 501-327-1700 or 1-888-216-7613** and let me and my professional team lend you a hand with your injury claim.

Why? Because I Need Your Help to Make Nursing Homes Better

You see, I'm writing this because I have an urgent message. My name is Callis Childs. I'm a lawyer and I help people who are injured because of someone else's negligence. **In nursing home cases involving serious injuries or death caused by negligence, neglect, abuse or mistreatment, I have a goal: to make nursing homes better by making it more profitable for them to provide good care. But to do that, I need your help.**

Let me explain. Regardless of the quality of care provided, a nursing home receives the same amount of money per day for each resident. Some nursing homes provide great care with the payments they receive and I have a great deal of admiration for those nursing homes. However, tragically, some owners choose more profit over better care. They – and not the staff – are to blame.

Not Very Good Care Results In Poor Treatment, Injuries, Abuse Or Even Death And That Can Be Changed For The Better

You should not accept not very good care. It's not normal. *If your loved one is lying in his/her urine or feces, this is not normal. If he or she has open wounds, that's not normal. If he or she has to have a foot or leg amputated because of decubitus sores due to infection caused by not being turned, that's not normal. If he or she has been abused and/or injured, that's not normal.*

These are some of the signs that your loved one is not being properly taken care of. Frankly, you should be indignant about it and you should want to make the care better. Unfortunately, it seems that the only way to make nursing homes better is by imposing a penalty for providing poor care.

That's where I need your help. That's because the penalty that is needed is one that costs them money. Nursing homes understand this type of penalty very well and it makes nursing homes better because it becomes more profitable to provide good care rather than to pay money for injuries or death caused by poor care.

This type of penalty requires a suit to be filed against the nursing home. **Again, by doing this, you can make a difference in making a nursing home better.**

If we are successful, a monetary recovery will be obtained. Now, I know that this will make you uncomfortable because nobody wants to benefit financially from tragic injuries to a loved one. However you can simply donate it to your church or to a charity or use it to pay for in-home care of your loved one.

Five Mistakes Families Should Never Make

All too many families of loved ones make at least one of five common mistakes which later come back to haunt them. Let me tell you briefly what they are . . . and how to avoid them.

1) **Not costing the nursing home money for your loved one's injuries or death.** You can cost it a lot more than you think and make it a lot better;

2) **Waiting too long to do something about the injuries and/or death of a loved one.** You only have two years and you should start as quickly as possible;

3) **Not placing in or moving your loved one to a good nursing home.** Arkansas nursing homes are compared to each other regarding quality of care at www.medicare.gov/NHCompare (Your local library can help);

4) **Not visiting and checking on your loved one as often as you can.** You, not your loved one, may make the care better;

5) **Going to any nursing home for "Rehabilitation."** Many of my clients were rehabilitation patients who received no rehab and/or died while there or shortly afterwards.

Straight Answers To Your Legal Questions

If the nursing home injuries are severe or result in death, then you owe it to your loved one and to yourself to call my office and set up an appointment for a free case review with me. After the free case review, I'll only get a fee if I successfully obtain compensation for you.

- ✓ How we'll obtain all of the evidence to cost the nursing home money.

So call me today at **(501) 327-1700** or **1-888-216-7613** and help me make nursing homes better.

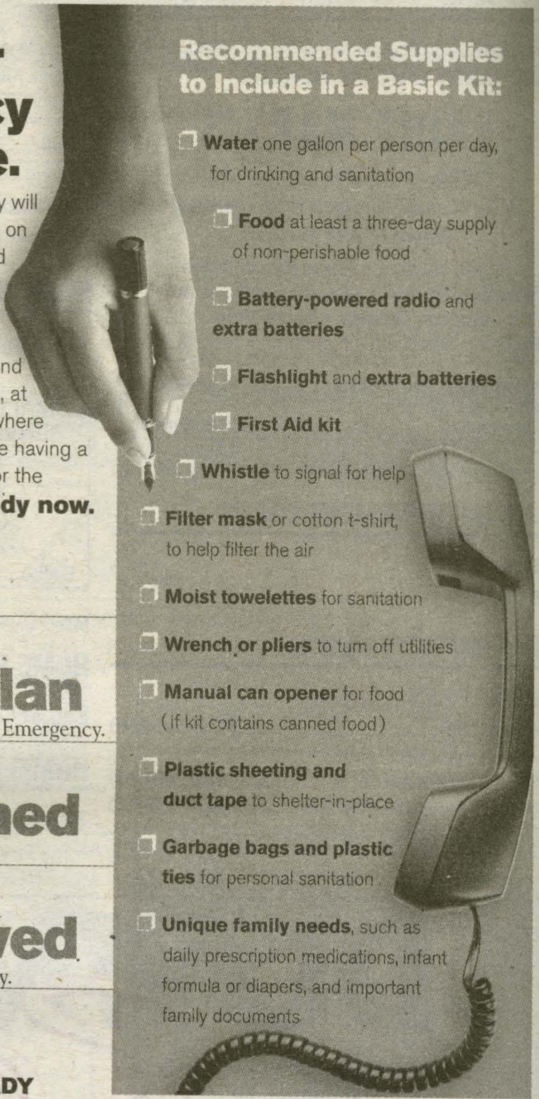
Preparing for an Emergency Makes Sense.

The likelihood that you and your family will survive a house fire depends as much on having a working smoke detector and an exit strategy, as on a well-trained fire department. The same is true for surviving a terrorist attack or other emergency. We must have the tools and plans in place to make it on our own, at least for a period of time, no matter where we are when disaster strikes. Just like having a working smoke detector, preparing for the unexpected makes sense. **Get ready now.**



Recommended Supplies to Include in a Basic Kit:

- ☐ **Water** one gallon per person per day, for drinking and sanitation
- ☐ **Food** at least a three-day supply of non-perishable food
- ☐ **Battery-powered radio** and **extra batteries**
- ☐ **Flashlight** and **extra batteries**
- ☐ **First Aid kit**
- ☐ **Whistle** to signal for help
- ☐ **Filter mask** or cotton t-shirt, to help filter the air
- ☐ **Moist towelettes** for sanitation
- ☐ **Wrench or pliers** to turn off utilities
- ☐ **Manual can opener** for food (if kit contains canned food)
- ☐ **Plastic sheeting and duct tape** to shelter-in-place
- ☐ **Garbage bags and plastic ties** for personal sanitation
- ☐ **Unique family needs**, such as daily prescription medications, infant formula or diapers, and important family documents

DOW

What Our Custom

The best thing I can say about the Downey book is it is a very good value in what we get in return from them. We do not run a store front, and our service is in-home service, so it is our number one source of getting our clientele to contact us. Downey has treated us very well. Our sales rep has been very good to us. He's always available if we need to call him, we have a cell phone number straight to him and he always either answers or returns the call promptly.

Monty Harper
Harper's Service

I have been advertising with Downey for one year…best phone book I've found so far. It has only been a short time, but the number of calls have increased probably by 40 percent. I do feel like it's been a worthwhile investment, and basically it's because of the number of calls coming in each day. I definitely would recommend advertising in the Downey book. The smaller book seems to do more than the big book does. I'm dropping the other phone book just to let it run with Downey for now and the service from Downey to me, I believe, is really, really great.

Bryce Smith
Smith's Fence Company

We've advertised with the Downey book for 3 years now. It is the most widely used book in the area we service. With each call that comes in we ask where they heard about us, and the end result is 90 % of them say from the Downey phone book. We feel like the expense to publish our advertisement in the Downey book is well spent money. Our service from Downey Publishing has been exemplary.

Julie Baker
Richardson Auto Glass

I've seen excellent results from advertising in the Downey telephone book. Just last year alone my profits tripled just from having my advertising in the Downey Publishing telephone book. I would absolutely recommend that any other business that isn't already in there or is already in there to stay in there, because it does bring business. Downey Publishing has definitely made a change in my company.

Bryce Smith
Smith's Fence Company

We've advertised with the Downey book for 3 years now. It is the most widely used book in the area we service. With each call that comes in we ask where they heard about us, and the end result is 90 % of them say from the Downey phone book. We feel like the expense to publish our advertisement in the Downey book is well spent money. Our service from Downey Publishing has been exemplary.

Julie Baker
Richardson Auto Glass

I've seen excellent results from advertising in the Downey telephone book. Just last year alone my profits tripled just from having my advertising in the Downey Publishing telephone book. I would absolutely recommend that any other business that isn't already in there or is already in there to stay in there, because it does bring business. Downey Publishing has definitely made a change in my company.
